Dave and Rosemarie send out a bimonthly newsletter that includes news from various HCJB World Radio projects in Europe. HCJB World Radio in Euro-Asia is focused on radio planting. Much like church planting, radio planting is geared to come alongside local Christians and help them develop their own media ministry for their people and communities. To accomplish this, HCJB offers education, engineering, equipment, and encouragement. The Central Europe Sub-Region in HCJB's Euro-Asia Region includes the 17 countries formerly under communist domination and currently is involved with more than 25 ministry locations. Continue to pray for friends in many countries who are developing radio ministries for their people, and for the Manneys as they serve the Lord.
