Since 1948 Wesleyan Native Ministries has worked to improve the lives of Native communities and share the life-changing message of Jesus Christ, mostly focusing on South Dakota. In 2008, the Board made a decision to expand the ministry's reach to impact Native communities all across the US and Canada. A new director was hired, WNM was relocated, properties were released to tribes for ministries and the future creation of a regional Native ministry and equipping center in Rapid City, SD.
